To whom it DOES concern,

My investment and ownership of **The Rock River Times**, weekly newspaper, is based on six parts: 1) Salary/Labor performed in 1993 converted to Stock Certificate, and Appreciation of Value on 2 Shares since Dec. 1993; 2) Uncompensated Salary/Labor performed from 1994-1996; 3) Statutory Interest on Unpaid Salary from 1994-1996; 4) The Light Blue Books of Each Issue from 1993-2013 April, the period of time I was an owner, worked at the paper and instigated many of the stories in the paper; 5) ALL photos and negatives to 2013 April; 6) All original materials from whistle-blowers and UNINVESTIGATED Materials, as an OWNER from 1993-2013 April.

**Part One - The 1993 Stock Certificate**

Salary/Labor performed in 1993 converted to Stock Certificate, Statutory Interest and/or Appreciation of Value on 2 of 100 Assigned Shares since 1993;

Frank gave me "2 Shares" of stock in **The Rock River Times**, in exchange for helping him set up the operations at his house to produce the "paste-ups" of the pages, which Frank valued at \$10,000, being ½ half of my yearly salary.

The **Stock Certificate** is based on my investment in the first 7 months I voluntarily worked for the newspaper from May 1993 thru Dec. 1993. In exchange for pay, my time and talents were converted to a Certificate of Stock Ownership/Investment in **The Rock River Times**.

### **I had to help start a newspaper or expire**

In 1992, while I was serving as a PEACE Delegate in El Salvador, **First National-Bank One President Richard Bastian III** REMOVED by name ILLEGALLY from all my real-estate partnership accounts by Tom Meyer's Agent (owner of Concord Commons cocaine outlet) and Accountant, Doug Bruno, my then real-estate partner, who defrauded me.

I needed some way to protect myself, since my Attorney Meyer was a FRUAD ARTIST with court protection.

I wrote a screenplay, "**The Discount Detective**" and met Frank a month later at the Irish Rose. Frank read it and said he had to put it down, as it sounded so much like his own life. I told him if he needed any help to call me with help with the **North End Times** MONTHLY newspaper he was buying from Owen Phelps, Publisher of the **Catholic Observer** in Rockford.

He called me at 3 a.m. and asked me if I could drive to Durand, Illinois to finish his deadline, since the Durand staff was going to be there at 9 a.m. and he wouldn't be able to finish without help.

I drove to Durand, about 20 miles from Rockford and helped Frank finish formatting stories and pasting his articles on the page to be printed. Then, we drove the "flats" to Belvidere to be printed. We waited at the local bar until the paper was printed.

Then we delivered the 8,000 copies on his circulation route. I helped Frank change the North End Times to The Rock River Time, make it a WEEKLY, increase circulation to 12,000 that year. When I left the newspaper the circulation was 22,000 in 1993.

In that first 7 months, I volunteered to help Frank set up everything needed to put together the newspaper from his home at 910 N. Court St. I donated material to build the paper's light table, delivered papers, learned the circulation routes and expanded them to more than double the routes.

I helped set up computer files for weekly production, wrote articles, did paste-up, editing, developed photos in my darkroom, ran my photos, my articles and helped hire a team of production people, including my Friend Susan Johnson, Copy Editor until 2016.

Frank changed **The North End Times** monthly to the weekly **The Rock River Times** about July 1993. And my motivation

was ensured by the corrupt attorneys and bankers in Rockford, who have targeted me since 1978.

Since I used to assemble a monthly newsletter for my family's video stores, I was familiar with the work. I was a photographer since about 9-years-old, helping my 14-year-old brother develop film and prints.

I had written a journal while a missionary in Argentina in 1981-1983 and had developed my style. After I returned from Argentina 1983, I enrolled at RVC in writing and journalism classes.

Hollywood Actor Aidan Quinn's father Michael was the best English 101 instructor at RVC (if not the world in my experience) and the journalism classes didn't hurt. I was well-prepared for the job.

In 1992-3 I wrote my first screenplay, "**The Discount Detective**," wherein, the characters, frustrated with local corruption, start their own weekly newspaper. I met Frank one month later in May of 1993.

At the end of the screenplay, the characters start a weekly newspaper. I told Frank the story was based on what I believed was a cocaine cartel that RAN Rockford.

When Frank offered a **PROMISE** of compensation for helping him, I asked that it BE MADE in writing, as I had been cheated by ALL other business partners with ties to the Campaign Manager of ALL Mayors of Rockford of Rockford 1981-2014, when Meyer expired.

I would learn my Mormon Attorney and Bishop Jack Ward, largest stockholder of Amcore Bank in 2010, when the bank went bankrupt for "FRAUD and SELF-DEALING," had loaned Meyer a mortgage for Concord Commons, for which he never had to make a payment, according to 2000 DEPOSITIONS.

Future Mayor Larry J. Morrissey had sued Concord Commons, when a little girl was scalded by hot oil when a stove of boiling oil, tipped-over on her. At the time, the JUDGMENT was the largest in Illinois history, at \$8 million.

I learned Ward was son-in-law of U.S. Supreme Court Nominee, TWICE, of Mormon Apostle Dallin H. Oaks, who was a Chicago-Daley-Machine Prosecutor in the 1960s, while his fellow University-of-Chicago Board of TRUSTEES DAVID M. KENNEDY and fellow Mormon had INTRODUCED HEROIN to America in 1959 with the Vatican Bank. Kennedy was Chairman of Chicago's Continental Bank during this time and became Treasury Secretary for President Richard M. Nixon.

Oaks became President of Brigham Young University (BYU) from 1971-1980, when he was FIRED from for CENSORING Apostle Ezra Taft Benson, whom I met in Chicago in 1972 as a 12-year-old, and who told me to beware of the "Satanic Secret Combinations" of conspirators, out to overthrow ALL NATIONS. Benson became Prophet of the Mormon Church.

I've since discovered Oaks was an agent of George Herbert Walker Bush, groomed as the leader of the "Mormon Mafia." While at BYU, Oaks was the TOP RECRUITER for the CIA and FBI. This cartel of Criminal New World Order operatives to overthrow U.S. and World Freedom became known as "MORMON MAFIA."

After being FIRED from BYU, Oaks became the Chairman of the Public Broadcasting System and Utah Supreme Court Judge.

### **Targeted by the Mormon Mafia-City of Rockford**

I told Frank my real-estate partner BRUNO made promises but I NEVER received an accounting of my \$50,000 Capital Investment since 1983. I told Frank I had a history of people lying and defrauding me. I didn't want any more **VERBAL PROMISES.**

In response, Frank's **Lawyer Peter Alexander** drew up the Stock Certificate in Dec. 1993

I was a work horse. After the initial set-up of Frank's house to produce the newspaper, Frank agreed to pay me a SALARY, based on a 40-hour week at \$10/hour. And I worked DIRT CHEAP!

Although I was scheduled for 40 hours, I worked more like 70 hours a week, sometimes more.

As Assistant Editor I did ALMOST everything Frank couldn't do by himself and things he could have done.

**Part Two - Uncompensated Salary/Labor from 1994-1996**

As Assistant Editor from 1993 to the end of 1996, I was on Salary for \$20,000 per year. I was not paid \$31,182 in Uncompensated Labor.

I quit Dec. 1996 when I asked Frank why I couldn't get paid and he wouldn't answer me. I already knew his "habit" had been the cause of the DEFICIT in pay.

**1994** - Worked full-time and overtime at least 70 hours/week.

Paid \$9,368 in the time period.

**Unpaid \$10,632**

**1995** - Worked full-time and overtime at least 70 hours/week.

Paid \$11,970 in the time period.

**Unpaid \$8,030**

**1996** - Worked full-time and overtime at least 70 hours/week.

Paid \$7,210 in the time period.

Unpaid \$12,790

**Balance \$790**

**Total unpaid Salary**

1994 - \$10,362

1995 - \$8,030

1996 - \$12,790

**\$31,182 TOTAL UNPAID SALARY**

Frank paid me back \$100 a week, until he paid me 12,000 for the 1996 year, leaving \$790 BALANCE.

TOTAL \$31,182

1996 \$12,000

**TOTAL \$19,182 BALANCE OWED**

**SOCIAL SECURITY RECORDS:** The Salary Deficits are EVIDENCED by the Social Security Records.

Although I have ALL CHECK STUBS from 1993-2013, Michael Crosby of Crosby & Associates' American Law Firm, KEPT and won't return my SALARY-PAYCHECK RECIEPTS, which shows my payments for 1993-1996, the period of time in which I was NOT PAID my FULL SALARY.

Frank was ROMANCED to hire local, who I believe, was another Rockford-Cocaine-CARTEL AGENT, as his ACCOUNTANT.

Her father worked for Oaks-connected University of Chicago. She was ALWAYS mean-spirited to me, until cocaine-abuse, I believe, gave her a HEART ATTACK and she was forced to leave The Rock River employ around 2010 (that date is unclear as I HATED HER COMPLICITY with the local City-of-Rockford and Mormon-Mafia-cocaine cartel).

When NEW Assisant Editor Brandon Reid filed for Health benefits, he was told the ACCOUNTANT, had taken Reid's money and NOT paid the Premiums. He was left unable to

use his PAID-INSURANCE to get medical coverage for his family.

She only liked and respected other cartel members that surrounded Frank. About half of the Rock River Staff were cartel members.

Frank asked me to come back to the paper, late 1997, after I had written an "X-Files" script-turned FOX-TV documentary, which I did with the stipulation, I won't fall behind again in pay and paid every week OWED at the proper time.

Frank still owed 1993, 1994, 1995 and 1996 BALANCE \$790.

With my Witness, the new Assistant Editor Brandon Reid, I tried on several occasions to collect the BALANCE owed me.

Each time, Frank threw tantrums, claiming he didn't have the money to pay me. I figured the BALANCE of UNPAID SALARY would be converted to STOCK, as was the original precedent.

Since I was an OWNER, I ALWAYS worked for the benefit of the paper, against my own interests at times. I believed Frank's "habits" SHOULDN'T be passed onto to me and never doubted when Frank got in a stable frame of mind, we would "settle-up" in some way.

He never did!

2002-2006 Meyer's agents SUED me. Meyer's cocaine Accountant Doug Bruno had been "FORCED" on me in 1979. Bruno's Dad worked for Meyer at Rockford Housing Authority as his Foreman, as well as BEING TREASUER of the Carpenter's Union, from which the City of Rockford hires it's Building Inspectors.

1997 I was still OWED the value of the Stock Certificate, which at the time of issue was worth 6 months of my labor. Based on the Salary rate, the TIME INVESTED was valued at \$10,000.

Frank assured me that as soon as he got his mortgage out of foreclosure and the paper going, I was going to be handsomely compensated.

That NEVER happened.

At 33-years-old, my properties (home & apartments) were paid off and my Rent was paid. Only MY initiative and ingenuity allowed me to work for NOTHING for half the time. At times, because of the LACK of PAY, my gas, electric, phone and LIVELYHOOD, WAS SHUT off.

Frank's family home was in jeopardy and he would promise when he gets his foreclosure out of HOCK, he would make it more than worth my while.

From 1993-1996, Frank treated me like GOLD, VERBALLY and with lots of dinners and bar tab, on "trade-out."

He would say things like, I hope everyone is making more than \$30K a year. But when I saved Frank from a

RAPE allegation, his house, his paper and his livelihood, his PROMISES were forgotten and too many times to list after 1997, Frank treated me with CONTEMPT.

Such is the treatment of an alcoholic, cocaine-abuser and EGO, without Satiating or CEASING. Frank only got worse as time progressed, as the paper became successful.

2002 Frank admitted to me and Attorney Morrissey, "There would not be a Rock River Times, without Jon Bystrom." When Meyer's Accountant and partner Doug Bruno and Attorney Brian Larkin sued me, Morrissey volunteered to represent me. Morrissey FIXED the outcome of the lawsuit by REWRITING my Original Counter Complaint, missing the EVIDENCE DEADLINE, leaving without EXHIBITS to prove up my case.

He BECAME MAYOR of Rockford and turned me over to Attorney Ann Dempsey of Oliver, Close Law Firm, the same attorney's who are DEMANDING I prove up my claim of OWNERSHIP by October 12, 2018.

Dempsey QUIT one month BEFORE TRIAL and also WITHHELD my EVIDENCE, as Michael Crosby is CURRENTLY doing, until AFTER the Trial.

### **Being defrauded by my attorneys, the cartel way**

I showed more than good faith. From 1993 to 1996, I worked 50 to 70 hours a week, many times more, Saturdays and Sundays, deadlines finished at 4 a.m.,

then I drive the flats to Belvidere, go home, sleep for 3 hours, go back to Belvidere, pick up the paper, drive back to Rockford and deliver 4,000 papers myself in my vehicle. Yes, on 3 hours of sleep. Then on payday, get half a paycheck.

I did that for ALL of the years 1994-1996. That's what made it so OFFENSIVE that Frank took most of my EXTRAORDINARY Time and Talents, for granted.

Jan. 1992 I had to BUILD the newspaper, since the criminal Bank One President Richard Bastian III REMOVED my name from all of MY CHECKING ACCOUNTS for cartel Top Democrat Tom Meyer and his agent and cocaine accountant Doug Bruno, my real-estate partner FORCED on me.

Frank's alcoholism and drug-trafficking history, PRECLUDED wise decisions, when it came to my pay. Perhaps HE WAS Commissioned to NOT pay me.
